• PLAYING SPORTS

ABOUT ME

I am a results-driven engineering graduate from JSS Academy, Noida, seeking exciting opportunities as a software engineer. Proficient in cutting-edge web and app development technologies, particularly the MERN stack, I am dedicated to creating innovative solutions and contributing to dynamic development projects.

Experience

IT INTERNSHIP

BETTER MORTGAGE

📅 Oct 2022 – Jul 2023 📍 Gurgaon, HR

- Utilized HTML, CSS, and JavaScript to create a dynamic component.
- This hands-on experience not only honed my web development skills but also instilled a problem-solving mindset as I addressed practical challenges in a professional setting.
- Utilized version control systems such as Git to manage code changes and collaborate with other developers

FREELANCE WORK

📅 Dec 2021 – Sep 2022

- Worked in some projects of Web Development using MERN stack.

Projects

WEATHER APP

- Developed a weather application using React.js, showcasing proficiency in frontend web development technologies such as JavaScript, React.js, and CSS. Implemented features including real-time temperature updates, location detection, pressure readings, and wind speed display, demonstrating competence in working with APIs and data manipulation techniques.
- <https://github.com/shivam14goel/Weather-App>

CONTENT PAGE DEVELOPMENT

- Converted wire frame design into HTML content page which is also responsive Technology: CSS/SCSS, JS, Adobe photoshop.
- <https://www.lilyskitchen.co.uk/pet-care/caring-for-your-cat/healthy-cats/cats-feeding-your-kitten.html>

SIGNUP-LOGIN FORM

- Developed a SignUp-Login form page using React.js, showcasing proficiency in frontend development and React.js framework.
- <https://github.com/shivam14goel/Login-SignUp>
